[Settings and Troubleshooting](#)

Downloading the app

1. Open the App Store on your mobile device.
 [iOS](#)
 [Android](#)
2. Search for *ClinicalKey* (for the ClinicalKey / ClinicalKey for Nursing app).
3. Click to download and install (this is a free of charge app but requires a personal or organizational subscription).

After completing these steps, you will be able to start using the mobile app.

Choosing your product and edition via your institution

1. Open the ClinicalKey app.
2. Choose Organizational Subscription.
3. Select the ClinicalKey or ClinicalKey for Nursing option and click 'Next' (**Fig. 1**).
4. Find the appropriate subscription edition from the drop-down menu and click 'Get Started' (**Fig. 2**):
 - ClinicalKey (Global/English)
 - ClinicalKey Australia
 - ClinicalKey France
 - ClinicalKey Japan
 - ClinicalKey Spain and Latin America
 - ClinicalKey South Asia

Arrow, Next button.

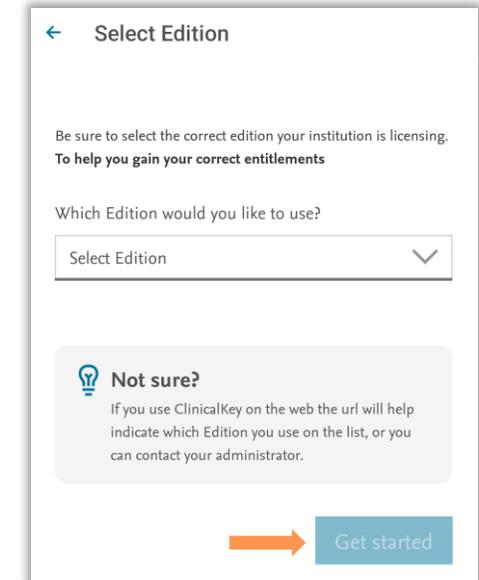

Figure 2. Select Edition screen.
Arrow, Get Started button.

Accessing via your institution

1. Click the *Access via your institution* button to proceed (**Fig. 3**).
2. Enter your institutional email address or institution name to continue (**Fig. 4**).

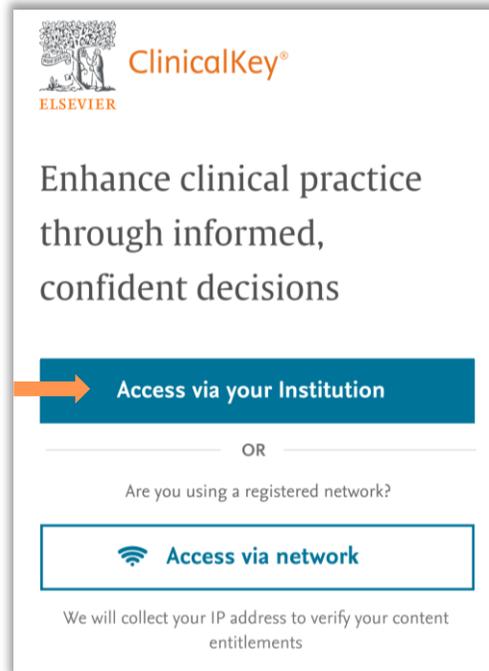

Figure 3. Launch screen.
Arrow, *Access via Your Institution* button.

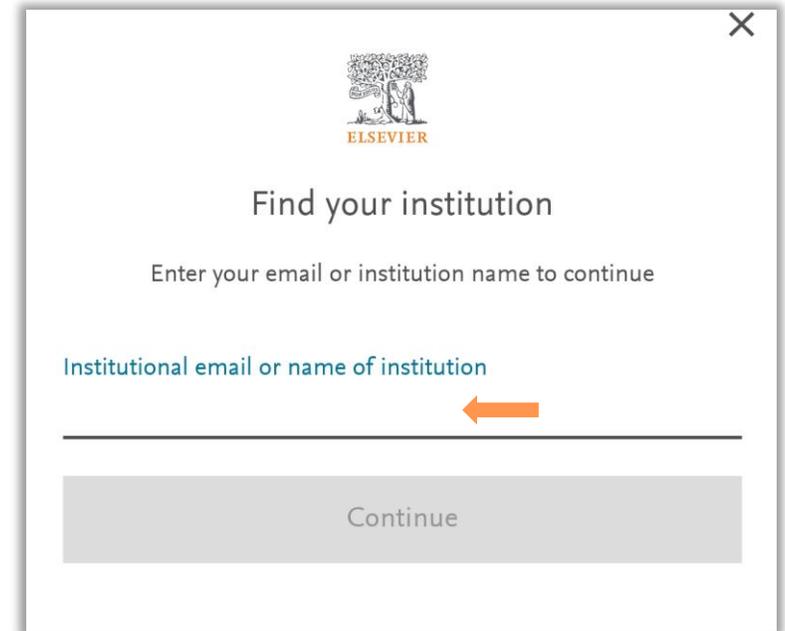

Figure 4. Find your institution.
Arrow, Email or name of institution field.

Accessing via your institution (Continued)

- Via *institutional email*:
 - Enter your password to sign in (**Fig. 5**).
 - Or, click the button ‘*Sign in with a one-time link*.’

When logging in via your institution, an institutional email address is required (ex: *mary.smith@stjosephshospital.org*). Personal email addresses, such as Yahoo, Gmail, Hotmail or other personal email accounts, are not accepted.

- Via *name of institution*:
 - Confirm your institutional access (**Fig. 6**).

Once authenticated by your institution, go to Settings and choose Register or Sign In if you wish to utilize personalization features, including earning CME or MOC credit, saving content, sharing content and more.

Arrow, Confirmation button.

Accessing via your institution's IP network

1. Connect to your institution's network on your mobile device.
 2. Click the *Access via network* button (Fig. 7).
 3. Once successfully authenticated, you will see your institution name on the top of the homepage (Fig. 8).
- If you select *Access via network* and are presented with the error message on the right (Fig. 9), please verify you are connected to your institution's network.

Access via your institution's network will expire after 7 days unless you log in again on your institution's network or VPN. Please refer to this [FAQ](#) for details on how to acquire remote access.

Browsing

1. From the homepage, select a content type to view all titles available for your subscribed content (Fig. 13).
2. Find your desired content by inputting its title or scrolling through available listings (Fig. 14).
3. Filters available (Fig. 14):
 - Alphabetic listing
 - Specialties

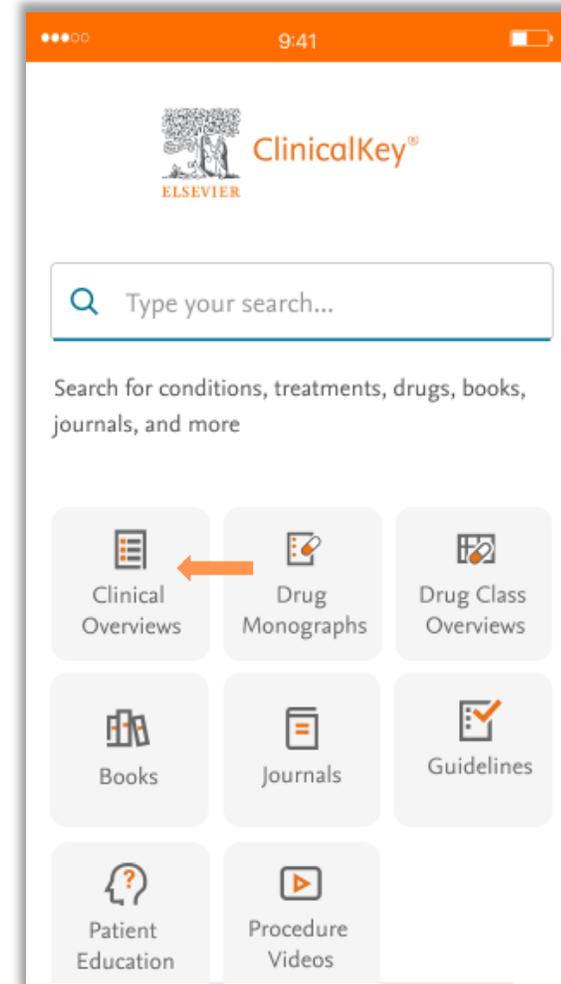

Figure 13. Homepage. Arrow, Browse Options.

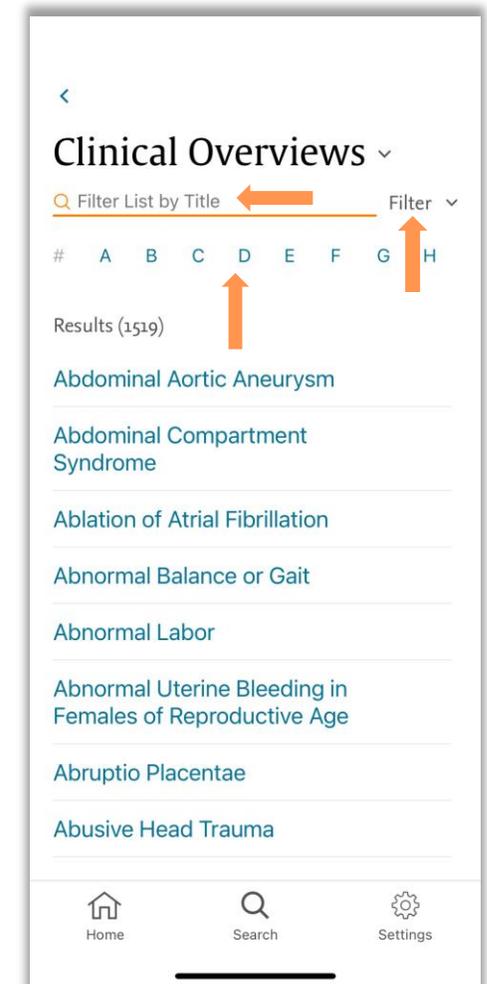

Figure 14. Filter options, Arrows, Filter list by title, filter by specialty, filter by alphabetic listing.

Searching

1. From the homepage, input a keyword into the search bar.
2. Click *Filter* to customize and narrow search results (Fig. 15).
3. Filters available (Fig. 16):
 - Source type
 - Specialties
 - Time
4. Click *Show Results* to return to the search.

Saving Content

1. From the search results page, click the title link of the desired item.
2. Click the Favorite icon  to save the content into your Saved Content (**Fig. 17**).
3. To visit your Saved Content, click *Settings* in the lower app bar.
4. Click *My Favorites* under 'App Access'.
5. Return to any of your saved items within the 'My Favorites' list (**Fig. 18**).

Saving content and other personalization features will display only when logged in with a personal profile enabled with remote access.

Arrows: orange, Favorite icon;
blue, Settings icon.

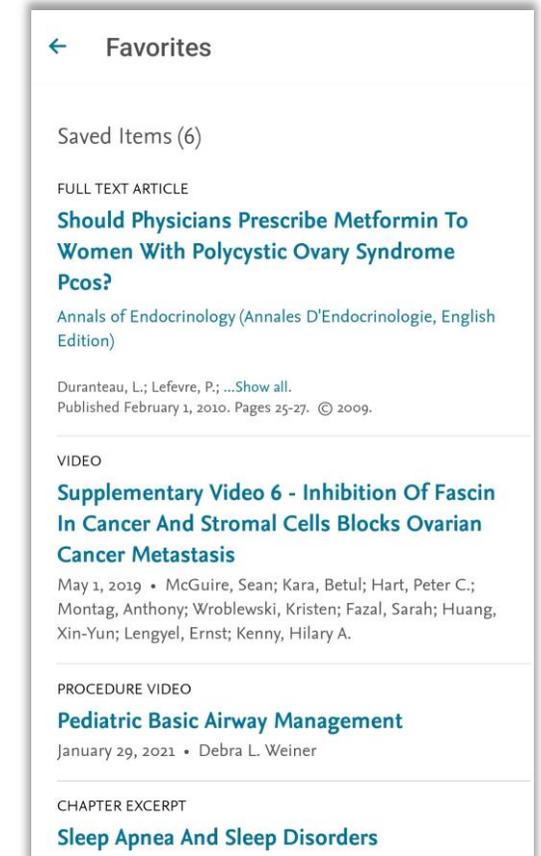

Figure 18. My Favorites.

Sharing Content

The Share function allows you to create a link that can be emailed or texted to a colleague. The link can also be used to post onto social media platforms or discussion forums. Access to shared content is defined by the user and their affiliated ClinicalKey subscriptions.

1. From the search results page, click the title link of the desired item.
2. Select the *Share icon*  in the upper right. **(Fig. 19).**
3. Your mobile device will present the sharing options available.

Sharing content and other personalization features will display only when logged in with a personal profile enabled with remote access.

Arrow, Share icon.

Settings and Troubleshooting

If you are unable to view licensed content in the app, here are some troubleshooting apps:

1. Visit Settings in the bottom toolbar and verify your product, edition and organization are correct (**Fig. 20**).
2. Ensure you are logged in to utilize personalization features. If not, click *Register or Sign In* (**Fig. 20**).
3. Reference the Support Center for useful FAQs pertaining to access methods, personalization features and more (**Fig. 21**).
4. Contact Customer Support and provide your Usage Path Info found on 'App information' (**Fig. 21**).
